Brian Willbur advises emerging growth companies and venture capital investors on financings, corporate growth strategies and complex transactions across the innovation economy. He represents companies throughout their life cycles — from formation through venture financings, strategic transactions and exits — as well as venture funds investing in high-growth businesses across the technology sector. Brian draws on extensive market experience to provide practical, commercially focused guidance tailored to the pace and demands of emerging companies and their investors.

Brian counsels clients on a broad range of corporate and securities matters, including, corporate restructurings, debt transactions, corporate governance, mergers and acquisitions and public offerings. He also advises on investor-side financings and cross-border corporate structuring matters, with particular experience supporting international and Latin America-focused transactions.

His practice spans a wide range of technology industries, including:

- Enterprise software
- Networking
- Fintech
- E-commerce
- Consumer internet
- Education technology
- Mobile communications
- Cybersecurity
