

Charitable Giving & Fundraising

Fundraising is serious business for most nonprofit organizations. Successful fundraising often makes the difference between sustainability and shutting doors. The Nonprofit Organizations practice includes team members that have served in fundraising roles, making us uniquely situated as a strategic partner to help guide nonprofits through their fundraising strategies, tactics and execution. We know the nuances, pitfalls, and key points when asking for a major gift, running a gala, closing a planned gift, and more. More than just legal partners, we use our hands-on experience to help nonprofit organizations raise funds they need to achieve their mission.

Our team has specific experience and capabilities in many strategies, including:

- Major Gifts and Naming
- Galas and Events
- Annual Appeal
- Social Media and Online Platforms; Peer-to-peer and other Crowdfunding Strategies
- Cause Marketing / Commercial Co-ventures
- Planned Giving and Gift Administration
- Foundation Management Services
- State Regulatory Compliance
- Gift Management Services
