Jared Jevons is passionate about assisting clients with the development of projects that provide diverse, affordable, and reliable energy to their customers. He counsels renewable and alternative energy companies through the complex business and regulatory issues facing today's energy businesses.

Jared has experience with proceedings before regulatory bodies in Kansas, Missouri, and Illinois, including preparing filings and testimony, negotiating multi-party settlements, managing discovery, and drafting motions and briefs for presentation to regulatory decision-makers.

Prior to joining Polsinelli, Jared served as Senior Litigation Counsel for the Kansas Corporation Commission in various proceedings before the Kansas Corporation Commission, including an abbreviated rate case, review of an energy efficiency program tariff, and certification of a transmission project.
