Jon Kendall excels by collaborating with clients in order to understand the goals and challenges impacting their businesses. This approach enables him to provide practical legal counsel, addressing the problems clients face every day. He works tirelessly to help them overcome the many challenges that a growing company encounters on the road to building a successful business. As a health care regulated transaction attorney, Jon represents:

- For-profit and reorganized 501(c)(3) hospital systems
- Hospital authorities and local government managed health systems
- Private Equity entities investing in the Health Care space
- Medical office buildings
- Ambulatory surgery centers
- Assisted living facilities
- Urgent care facilities
- Skilled nursing facilities

Jon advises clients on a range of state and federal regulatory issues, including:

- Regulatory and transactional
- Licensure and accreditation
- Compliance investigations
- Confidentiality and privilege issues
- Mergers and acquisitions
- Joint ventures
- Service contracts
- Business ventures
