Ryan McNellis is an associate in the Real Estate practice. He is committed to navigating clients through the nuances and complexities of the real estate industry. Clients rely on him to identify issues, analyze solutions and develop practical responses to transactional and development-related real estate matters.

Ryan's practice focuses on providing a wide range of legal services during the life cycle of real estate transactions, finance and development, from contract negotiation through due diligence, development matters, financing and closing. He helps identify and deliver solutions to potential complications that clients may encounter during the transaction process by conducting thorough and efficient due diligence.

Ryan provides legal advice and strategic counsel to clients in the real estate industry, including private equity firms, commercial landlords and tenants, and commercial developers. His practice focuses primarily on commercial real estate transactions, specifically acquisitions and dispositions of commercial real estate, leasing and financing. Ryan has extensive experience in connection with the acquisition of retail, office, and industrial properties and portfolios.
